### **DETAILED ACTION**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In abstract: line 2, delete "are disclosed for a".

2. Claims 1-25 are pending in the application.

### ***Information Disclosure Statement***

3. Acknowledgment is made of applicant's Information Disclosure Statement (IDS) Form PTO-1449, filed 15 January 2004. The information disclosed therein was considered.

### ***Allowance***

4. Claims 1-25 are allowance.

The following is an examiner's statement of reasons for allowance:

There is no teaching or suggestion in the prior art to: "the splitting packets are stored in the RAM and remaining incoming packets are stored in the dram and the packet point to by the pointer at the top of the at least one queue being automatically read from the dram and stored in the RAM for subsequently providing the packet externally to the buffer" as claimed in the independent claim 1; or

“storing the received packet in at least one of a first memory and a second memory based upon the determination of whether the queue is empty” as claimed in the independent claim 10; or

“transferring the first packet from a first memory to a second memory upon the first packet becoming the head of line packet for the at least one queue” as claimed in the independent claim 16; or

“a first packet is transferred from the first memory to a second memory upon the first packet becoming the head of line packet for the at least one queue, the node transmitting the first packet from the second memory externally to the node following the first packet being stored in the second memory” as claimed in the independent claim 21.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

### ***Conclusion***

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Abe (US. 5,926,424) disclosed the tristate buffer portion directly writes the test data for comparison and determination includes in a data transfer buffer in SRAM and DRAM.
